Notice To The Public

I have just completed my new plant
 at Cove street and it is fully equipped
 with a full line of the latest machines
 for grinding provender, cracked corn
 and cob meal. For the next ten days I
 will grind free of charge one or five
 bags of cob meal. I make a specialty of
 handling, hay, corn, oats, cracked corn,
 provender, boiled meal, bran, middlings
 and other bag stuff.

VARIOUS MATTERS

Good taste—Clysmic Water tastes good
 The winning hand holds Clysmic—
 adv.

The leopard moth is infesting the
 trees of the shore town, and in New
 Haven hundreds of trees are being
 killed by the pest.

At Uncasville on Friday evening the
 Falcon band of this city is planning to
 give a concert on the schoolhouse
 grounds.

At the new Connecticut bridge celebra-
 tion today, one of the noticeable
 features ought to be the presence of
 eight bands of music.

New London socialists have already
 completed a local ticket, their first,
 for the fall election and they are plan-
 ning for a strenuous campaign.

The swordfishing season, which is
 now nearly closed, has been a profit-
 able one this year, as excellent catches
 have been made right along.

Morgan Bulkeley Haven of New
 London will enter Brown university,
 Providence, in September. He is the
 son of Gen. and Mrs. George Haven.

Special excursion car to Watch Hill
 at 8.45 a. m. Round trip ticket at Mat-
 den's store, 70 cents. Good to return
 on any regular car same day.—adv.

A fresh cucumber that is fourteen
 inches long, has a diameter of four
 inches, and weighs 4 3/4 pounds, has
 been raised by Frank Gore of Uncas-
 ville.

Russell Hunt of Williamam, who
 has been correspondent for The Cour-
 ant in that city, has taken a position
 in the local telephone office, where his
 father is now manager.

County Commissioners Williams,
 Noyes and Smith trip ticket at Mat-
 den's store, 70 cents. Good to return
 on any regular car same day.—adv.

Torpedo boat destroyers Lamson and
 Preston were anchored opposite the
 Navy Yard Wednesday and they will
 depart for their base of supplies
 for several weeks.

The special excursion car, running
 between Norwich and Pleasant View,
 was well filled Wednesday morning, it
 being one of the largest crowds since
 the trips have been started.

The tenth annual exhibition of pic-
 tures in Old Lyme is to be held at
 the public library in August 20, 21,
 and September 1, 2, 3, and 4. About
 twenty-five artists will be represented.

Rev. Matthew H. Pogson of Hart-
 ford has resigned as secretary of the
 Ministers' Home society, in which ca-
 pacity he served for fifteen years and
 has been elected secretary emer-
 itus.

More houses are needed at Fishers
 Island to meet the demands of sum-
 mer vacationists. This year, three
 ladies even used a barn for a several
 weeks' camp, and they had a deli-
 cious time, too.

Secretary E. M. Newbury for the
 Spooner-choral union on Wednesday
 made a donation of \$25.14 as a sub-
 scription from the union toward the
 regular current expenses of the Nor-
 wich Y. M. C. A.

The New London Horticultural so-
 ciety will have a flower show for the
 public Tuesday, Aug. 29. The show
 will be held in the beautiful grounds
 of the Robert Moore estate in Pequot
 avenue, New London.

At the fourteenth annual convention
 of the New England Photographers'
 association, the week of September 15,
 in Bridgeport, the photographing of
 the entire city in one day will be at-
 tempted by the visitors.

Col. Robert O. Eaton of Monticello
 on Monday left for a trip to the Great
 Lakes, accompanied by his daughter.
 Collector Eaton will also attend the
 national convention of internal revenue
 collectors at Detroit.

The secretary of state, after hearing
 the case against D. G. Perkins, Jr.,
 concerning the collision with the car
 of M. F. Plant at Eastern Point, allow-
 ed him to retain his license, the enau-
 feurs of both cars being cautioned.

Charging newboys with begging to
 the point of constituting a public nu-
 lance, Prosecuting Attorney Cronin
 of New London has ordered the arrest
 of any newboys found selling papers
 on the streets after 8 in the evening.

Gov. Simeon E. Baldwin is to be
 principal speaker at the exercises in
 connection with the celebration at
 Fort Griswold on September 6 of the
 anniversary of the battle of Groton
 Heights. His staff will also be pres-
 ent.

A prospective groom from Saybrook
 and a would-be bride from Milford
 tried in vain to get a marriage license
 at Middletown Tuesday, because they
 wanted to get married in New Lon-
 don. The young man did not leave his
 name.

The old freight steamer Pequot,
 which has been lying in the river at
 Riverside for several months, is to be
 made a coal barge by the Thames
 Boat company and her dismantling
 was begun Wednesday. She was built
 in 1864.

There was considerable disappoint-
 ment Tuesday because the aeroplane
 did not appear at Ocean beach. W. W.
 Thompson, the owner, is only learning
 to fly, and George Russell, the aviator
 of whom he purchased the machine, was
 not able to get there.

A. H. Wilcox, known in association
 circles throughout the state as "the
 dean of Connecticut secretaries," has
 resigned as general secretary of the
 Torrington Y. M. C. A., after 13 years'
 service, to engage in the insurance
 business and newspaper work.

The oil is so thick on McKinley ave-
 nue, Sachem and Williams streets that
 those finding it necessary to cross the
 street are saying all kinds of things
 about it. Many have suggested that
 the car line, clothing and carping are
 showing the effects of the dust dis-
 troyer.

The 25-foot auxiliary yawl Sea-
 bird, the smallest craft which has ever
 crossed the Atlantic ocean under her
 own power, will take assistance from
 any other vessel, arrived in New
 London Monday evening and left on
 Tuesday morning for Providence, her
 home port.

The planters are busy at present
 getting their fleet of boats ready for
 the beginning of the oyster season
 next month. It looks like there
 would be a good business at the very
 start. Oysters are reported to be ma-
 turing well and they promise to be of
 fine quality this autumn.

The New London park commission-
 ers, disgusted with some of the recent
 exhibitions on the part of a few
 immodest bathers at Ocean beach,
 have issued an order that hereafter
 no more one-piece bathing suits will
 be allowed at that popular resort.

William Santanne of Pequot for
 practice swim across the Thames river
 Sunday, starting at Palmer wharf on the
 Montville side and ending at Gales

Ferry. He then swam back to the
 Thames River Specialty company's
 dock and from there to Palmer's wharf
 —doing it in about one hour.

Charles Sands, who is substituting
 at Allin's Point at wharfing, has
 Lawrence Milles during the latter's
 vacation, made a nice catch of little
 blues on Wednesday, getting a basket
 of about 50 which he distributed to a
 number of his friends.

As a racing machine, the new hydro-
 plane just finished at Mystic, similar
 to but larger than that seen on the
 river on boat-race day, is a success,
 as it has made over thirty miles an
 hour on trials this week, and will
 probably be able to make the 38 miles
 an hour specified.

Rev. Charles Derbyshire, pastor of
 Union chapel, Fishers Island, has ten-
 dered his resignation to take effect in
 September. It is understood that the
 immediate reason for Mr. Derbyshire's
 resignation is a hoped-for improve-
 ment in Mrs. Derbyshire's health or re-
 moval to a more congenial climate.

Complaints to the policemen on duty
 at Ocean beach Tuesday show that a
 juvenile pickpocket was at work in
 the Beach day crowds. The suspect
 was a girl, 14 or 15 years old. One
 woman reported to the police that
 twice the girl attempted to seize her
 pocketbook. Both times she was
 frustrated.

Charles E. Julin, the delegate ap-
 pointed by Governor Baldwin from
 this state to visit Europe with the
 delegates representing the inter-
 national meeting of the chamber of com-
 merce of the world at Boston this
 winter, returned Tuesday, after study-
 ing industrial conditions and methods
 abroad.

Louis Gudobrod of Meriden and New
 York, well known as a sculptor, is the
 designer of the bronze tablets to be
 placed on the memorial entrance to
 Fort Griswold. The tablets were de-
 dicated September 6, 1911, in com-
 memoration of the heroic events at the
 invasion of the British, September 6,
 1781.

Former residents of the town of
 Scotland are now new residents in
 various cities and towns in New En-
 gland, as well as some of the middle
 west states, are receiving invitations
 to the reunion of the inter-
 Scotland Shore party which will be
 held at Ocean beach on Saturday,
 September 2.

REMODELING FINISHING CO. PLANT

New Three-Story Brick Building 170x175 With Rein-
 forced Concrete Floors—First Step in Rebuilding
 Old Plant.

The first work on the large project
 of reconstructing the old portion of
 the United States Finishing company's
 plant in this city is under way and
 being pushed along with the idea of
 having the building closed in before
 cold weather puts a stop to the work.
 At the present time only one building
 will be constructed, but it is probable
 that as soon as the weather warms
 another section of the plant will
 be changed, and this gradually
 until the old building is completely
 eliminated and the new building be-
 comes one of the most up to date in the country.
 It will require some time to bring this
 all about, and the expense will amount
 to several hundred thousand dollars,
 but by the change the business can be
 handled better and more work turned
 out, as all the requirements of the
 business will be looked after with that
 end in view.

The building to be constructed this
 fall will be about 120 by 175, the first
 distance being along the river and the
 second from the river at right angles
 to the first. The new building will be
 of brick, three stories
 high, and having reinforced concrete
 floors and gravel and roof. As far
 as possible the new building will be
 constructed without interfering with
 the present building which it will take
 the place of, though no part of the
 building can be used in the new one.
 This building is being built next to the present
 new section of the plant, and a good

start has been made by Contractor
 Torrance.

There is a force of about 60 men at
 work there on the foundation, the wall
 along the river side of the property
 being under construction at the pre-
 sent time. A very heavy stone founda-
 tion is being put in just outside the
 present wall. It is seven feet wide on
 the bottom and tapers to four feet high
 and it is believed it will be completed
 in about two weeks. This river wall is
 to be continued the entire length of
 the property in time, but only the 120
 feet for the building now under way
 will be built now.

This building, which is the stepping-
 stone for the reconstruction of the en-
 tire plant, will be utilized by other de-
 partments during the reconstruction
 period. It will be well lighted and
 the fact that it will have reinforced
 concrete floors will make it practically
 a fireproof building. It will have 68-
 250 square feet of floor space.

When the reconstruction is completed
 the home plant will be the best in the
 possession of the United States Fin-
 ishing company. It is now turning out
 yearly under Manager John Rogers a
 vast amount of goods, but the plant
 that will be the new building and
 better facilities that the output will be
 still further increased. This is one of
 the most valuable investments and
 it is a strong evidence of its prosperi-
 ty that it is undertaking this large
 building proposition.

**SUPERINTENDENT AND
 MANAGER NAMED.**

Frank Jewett and Charles E. Roberts
 Appointed by General Manager Avis
 at Hopkins & Allen Arms Company.

General Manager George E. Avis of
 the Hopkins & Allen Arms company
 announced on Wednesday, as was ex-
 pected, the appointment of Frank
 Jewett as superintendent of the new
 department of the factory which has been
 without a superintendent since the
 resignation of A. C. Wright, though
 Mr. Jewett has been acting in that
 capacity for several months. For 10 years
 he was a contractor with the Winchester
 Repeating Arms company, and for 23
 years in the model and experimental
 department of the plant. He was for
 four years superintendent of the
 American Smith's company in
 Bridgeport, and for three or four years
